Feedback:

Common terminology:

1. Court 1 Astro (larger turf with 5 lanes for box and net cricket). No need to say 8v8.
2. Court 2 and Court 3 (grass turfs) for football and box cricket.

New terminology:

1. Court 1 Astro- Rename this to "Astro Turf".
2. Court 2 and Court 3 (grass turfs): Rename these to "Grass Turf 1" and "Grass Turf 2".
3. Change "Available Court" to "Available Turfs".
4. Change "Court Type" to "Turf Details".
5. Change "Timing" to "Select Time of Day"

1. Booking system

http://165.22.219.135/kansh_dev/public/index.php/booking

1. Remove "Badminton" as an option from 'Available Sports'.
2. In 'Available Sports' provide the following options:
 - a. Box Cricket -
 - i. If this is selected then show all three turfs (Astro turf, Grass Turf 1 and Grass Turf 2) as options in "Available Turfs".
 - ii. If they select the "Astro turf" then just show "Full Astro turf". Do not show lanes as options in "Box cricket".
 - iii. If they select "Grass Turf 1" OR "Grass Turf 2" then show "1 Grass Turf" in the "Available Turfs" section.
 - iv. If they select "Grass Turf 1" AND "Grass Turf 2" then show "2 Grass Turfs" in the "Available Turfs" section.
 - v. If they select "Grass Turf 1" AND "Grass Turf 2" AND "Astro Turf" then show "2 Grass Turfs + 1 Astro Turf" in the "Available Turfs" section.
 - b. Football - If this is selected then show only "Grass Turf 1" and "Grass Turf 2" as options. They should not get "Astro Turf" as an option. If they select one turf then show "1 Grass Turf - 5v5" and if they select both turfs show "2 Grass Turf - 7v7".
 - c. Leather ball cricket: Show only "Astro Turf" as an option. When "Astro Turf" is selected, show "Full Turf" and 5 lanes as options. If the user selects "Full Turf" then selection of lanes should be disabled. If any of the lanes are selected then the "Full Turf" option should be disabled.
3. In "Available Turfs" section
 - a. Add an "i" icon next to the "Available Turfs" text. When the user clicks on this we can pop up an image (will provide this image) of the 3 turfs with dimensions.
4. Change the error "Only Consecutive Slots Are Allow" to "Please book TWO consecutive time slots".
5. Change the error "Please Select Minimum 2 Slots" to "Please book a minimum of TWO consecutive time slots"

6. LOGIN OR SIGN UP section:

- a. Change "LOGIN OR SIGN UP" to "Sign in".
- b. Remove "Login Or Sign Up To Continue."
- c. Add text: "Please provide the following details to complete the booking. You will receive an OTP on your mobile number shortly."

Name (optional)

Mobile number (mandatory)

By continuing, you agree to KANSH's Conditions of Use and Privacy Notice."

7. OTP verification screen

- a. Replace "VERIFICATION" with "OTP Verification"
- b. Remove "Verify with OTP".

2. **User booking screen:** http://165.22.219.135/kansh_dev/public/index.php/mybooking

- a. Change "Status: Pending" to "Status: Upcoming".
- b. Provide two options for "Date/Slot change" and "Cancel"
- c. Date/Slot change will go through the same process of booking and will allow him to book equal or more time slots than his previous booking. He cannot book less time slots than first booking. Additional slots will be charged accordingly.
- d. Cancel: We will cancel the booking and free the time slots. Possible options:
 - i. Option 1: Refund amount will be credited back to the user account. (Please create a workflow for this process)
OR
 - ii. Kept in "wallet" which the user can use later. Will confirm with KANSH and let you know.
- e. Will provide the "cancellation policy" confirmation once I discuss with KANSH.

3. **Events Inquiry**

- a. Before the date selection there should be an option of "Single day event" and "Multiple day event".
- b. If they select "single day event" then single day selection (current flow) will work.
- c. For single day events:
 - i. They will first select the date of booking.
 - ii. They will first select either "Football" or "Box Cricket". No option for "Leather Ball Cricket"
 - iii. If football is selected they will see "Grass Turf 1" and "Grass Turf 2" as options.
 - iv. If they select "Box cricket" then they will see all three turfs. For Astro turf there will be NO options for lane booking. Whole turf needs to be booked.
 - v. They will then select the time slots. Here we do not need to show them "booked/free" time slots. All slots will be free for booking.
 - vi. These time slots should be similar to turf booking. This is necessary for the admin to see the "conflicts" of this inquiry with slots that are already booked, either as turf bookings or event bookings.

- d. For multiple day events:
 - i. Date selection. Here they will first select one date and then book everything for that day. They will have an option called "+ Add other date" where the entire flow will be repeated. They can add multiple dates.
 - ii. They will first select either "Football" or "Box Cricket". No option for "Leather Ball Cricket"
 - iii. If football is selected they will see "Grass Turf 1" and "Grass Turf 2" as options.
 - iv. If they select "Box cricket" then they will see all three turfs. For Astro turf there will be NO options for lane booking. Whole turf needs to be booked.
 - v. They will then select the time slots. Here we do not need to show them "booked/free" time slots. All slots will be free for booking.
 - vi. These time slots should be similar to turf booking. This is necessary for the admin to see the "conflicts" of this inquiry with slots that are already booked, either as turf bookings or event bookings.

4. Admin side

Will provide feedback for this later.
